

Art Deco white gold diamond bracelet

Sold

Description

An Art Deco white gold diamond bracelet set with old brilliant cut diamonds in deco plaques. Vienna circa 1930-1950.

Old brilliant cut diamonds, prevalent from the 19th to early 20th centuries, feature a round shape with a high crown and deep pavilion. They are known for their vintage charm and distinctive, romantic sparkle, characterised by fewer facets than modern cuts. These diamonds reflect a classic elegance and historic craftsmanship.
