Description

A very on trend pair of vintage French milk glass pendant lampshades with clear glass crimped edges. Rewired with white twisted fabric flex and PAT tested.

Milk glass is an opaque, white glassware known for its creamy, milky appearance. Popular in the 19th and early 20th centuries, it was used for a variety of decorative and functional items, including dishes and vases. Its smooth, lustrous finish and subtle glow make it a cherished collectible and classic choice in vintage decor.

As with all electrical items we recommend that they are installed by a qualified electrician.
