Description

An opera length single strand of large cultured pearls with a gold and platinum diamond set box clasp, circa 1910

Opera-length pearls are long strands of pearls typically measuring 26 to 36 inches. This length allows for versatile styling-they can be worn as a single strand for elegance or doubled for a layered look.

Named for their association with glamorous opera attire, these pearls evoke sophistication and timeless beauty. They were especially popular during the early 20th century and continue to be a classic choice for formal occasions.

Often made from cultured or freshwater pearls, opera-length strands highlight the lustre and grace of the pearls, making them a cherished addition to any fine jewellery collection.
