

Pair of 18ct white gold sapphire and diamond ear studs

£495

REF: 6139

Description

A pair of 18ct white gold ear studs each set with a cabochon sapphire and brilliant cut diamonds.

The cabochon cut is a gemstone cutting style characterised by a smooth, rounded top with a flat base. Unlike faceted cuts, cabochons have no facets, allowing the stone's natural colour and clarity to shine.
