

Pair of Art Deco 18ct white gold, diamond and cultured pearl earrings

Sold

REF: 6111

Description

A pair of Art Deco 18ct white gold, diamond and pearl pendant earrings.

Pearls are unique gemstones that can improve with wear. The natural oils from human skin can enhance a pearl's lustre and colour over time, maintaining their beauty and sheen. Regular wear helps keep pearls hydrated, preventing them from drying out and cracking, thus preserving their delicate surface and radiant appearance.
