

Pair of silver wine coasters

£225

REF: 7021

Height: 4 cm (1.6")

Diameter: 13 cm (5.1")

Description

A pair of silver and mahogany wine coasters hallmarked Birmingham 1973.

Wine coasters are decorative yet functional accessories designed to hold and protect surfaces from wine bottles or glasses. They prevent condensation rings, stains, and scratches on tables. Some wine coasters feature raised edges to catch drips from bottles, while others are flat for glassware.

They can be plain, engraved, or artistically designed, making them popular as gifts and table décor. Beyond practicality, wine coasters add an element of elegance to entertaining, reflecting personal style or event themes. They combine utility with beauty, enhancing the overall wine-drinking experience at home or gatherings.
